

Reporting On Demand

Many of today's EHRs require specialized solutions to meet increasingly complex demands in healthcare environments. MMY's Reporting on Demand (ROD) is a custom report writing service to help clients turn a mountain of data into meaningful information.

The flexible solution offered by ROD gives you the data you need when you need it. This helps you make decisions based on the information your organization requires and identify gaps more quickly in meeting regulatory requirements.

Capabilities

- Cerner CCL, MPages
- Epic Cache, Workbench
- SQL
- Custom Crystal Reporting
- Report Training Services
- Reporting for Meaningful Use

Our staff of proven experts have helped make significant improvements to our client's delivery of services while reducing cost.

Benefits

Balancing normal operations and managing the demands of ever increasing information requests can create turmoil on any team. Allowing a proven partner to supplement your staff when monthly, quarterly or yearly needs increase will allow you to maintain service delivery without missing a beat. Our offering is designed for you only when you need it.

We've Done IT Before

Whether you need guidance to raise your team's ability, help with a backlog, or to outsource your reporting, MMY's experts stand ready to hit the ground running in moving your reporting capabilities forward.
