

# Staff Augmentation

As organizations evaluate project efforts and prioritize them with business objectives in mind, many find they are faced with a longer list of top priority projects than staff to address them. This is where MMY's Staff Augmentation service can offer as-needed assistance. We help clients ensure their projects successfully meet and exceed expectations by bringing skilled resources to a wide range of circumstances.

## Capabilities

- Program / Project Management
- Data Management, Analytics
- Supply Chain and ERP
- Training
- Testing
- Healthcare EMR / EHR - Allscripts, Cerner, Epic, McKesson, Meditech from initial development, customization and implementation through Go-Live, post-implementation support and optimization
- Medical Record Chart Abstraction and Conversion
- Clinical Imaging - Site Assessments, RIS/CVIS/PACS, VNA Implementation
- Full project lifecycle support

## Benefits

Whether you need guidance to raise your team's ability, help with a backlog, or to outsource missing skills, MMY's experts stand ready to hit the ground running in moving your initiatives forward. You can expect the following;

- Deep expertise
- Diverse skill sets
- No nonsense talent that fits with your team
- The ability to keep timelines on track

## We've Done IT Before

MMY attracts and retains a deep pool of domain and technical talent who stand ready to address your specific project situation. Whether you need guidance to raise the level of skill on your own staff or assistance to a team for a period of time, MMY can provide support wherever a project is in the lifecycle.
